Report steering committee meeting 20th October 2016

On 20th October 2016 at the University of East Sarajevo, Steering committee meeting was organized. Meeting was suddenly organized for two main reasons. First, new tendering procedure on the level of BH for finding equipment was introduced and second was changing of partnership agreement according to new rules and new proposal for dealing with subcontracting part of the grant. In the same time our project officer Mr Burgio was in monitoring visit to University of East Sarajevo, so we used opportunity to meet him and clarify some things about finding equipment. Except representatives of the UES and Mr Delepeeler as project coordinator, representatives of the University of Zenica, in charge of procurement of the equipment inside STINT project and representative of University of Tuzla, who are among those Universities in BH having problems with central procurement of equipment participated at this meeting.

Meeting lasted for one day and all things concerning procurement of the equipment were clarified. It will be joint procedure on the level of BH run by UES. Whole procedure was agreed. It will be sent as joint proposal by Nenad Markovic to all consortium partners for final approval. Also UES agreed with project coordinator about adoption of procedure for financing of subcontracting issues through modification of partnership agreements.

We also discussed about adoption of to do list for this year and possible changes of dates for some meetings. All proposals will be sent to consortium members for final approvals.

Meeting was organized efficiently by UES. Atmosphere was nice and productive.
