

Bihać, September 2016

I would like to greet you all on behalf of the STINT team from University of Mostar. Here is a short summary of our activities in the last period. As far as the Student Surveys on Internationalization is in progress. Based on the current results, we have undertaken necessary steps to make adjustments to obtain more data and hope to complete this activity by October 30.

The SWAT analysis will be completed upon the collection of necessary data, after the survey questions have been prepared for other activities. Therefore, the institutional survey will start after its text has been finalized. All other activities are being realized in accordance to the action plan.
